Primaster

Click! **Magnetic** - Primaster Click System

Key Advantages

Handle/Shaft

Pleasant, non-slip grip
Lightweight aluminum shaft
Adjustable length (105-190 cm)

Mop frame

Smooth finish
Easy to clean
No dirt collecting fastening surfaces

Easy Fit Attachment

Quick and easy to use magnetic attachment.
Magnets position the mop in the exact right place every time.
No dirt collecting pockets or fastening surfaces.

Primaster Click has been engineered to offer an ergonomic, hygienic and easy to use cleaning experience.

It features a patented magnetic attachment system, which enables a convenient hands free mop change. As well as being quick and easy to operate, this feature also increases personal hygiene.

Magnets position the mop accurately every time with one simple click.

Many Mop Options:

Antibacterial • Microfiber • Other synthetic fibres • Cotton
